"Elden Ring Game" is a fantasy online role-playing game produced by Korean developer Niantic International Inc and the Canadian developer Gumi Inc. The Elden Ring Game also known as ERG will begin its first world exploration in 2016 and you will be the first player to be ready for that. Elden Ring will be launching on Steam on the 24th of August with a Beta test version in Japan, Korea, Singapore, Indonesia, Thailand and Hong Kong. The global Beta test launch is scheduled for the 26th of August. "Axe Of Flames" is a long-anticipated content update for The Elder Scrolls Online, and it's going to have some major changes and additions. There will be quests for players to take down the large flying dragon, Xavius, and the kingdom of Skaal will become more robust and less friendly to the player. Skaal started out as a peaceful kingdom, but was invaded by the dragon Xavius who turned on the people. Many people were killed and civilians were enslaved. That's right, civil war happened within Skaal itself. Eventually, the skaalians were defeated by their warring leaders and pushed away from the larger empire. Now, the skaalians are peaceful again and enjoy their independence. But with the threat of the dragon Xavius looming over the kingdom, there's no telling how the fight between the skaalians could possibly end. For players who joined the game after the second Skaal content update, they'll be getting a package that includes all of the game's legendary and epic armor with a free level 90 character boost. The update will be rolling out on Tuesday, August 28. Make sure that you're logged into the game to receive the update and the free character boost. The update will be available on PC/Mac, PlayStation 4, Xbox One, and Nintendo Switch simultaneously.
